# Our Philosophy

Our philosophy at AerPay is to cater to all needs of payment processing to better serve our clients. With rapid changes in information technology, we have adapted our services to meet and even set industry PCI standards in processing and transmitting credit card payment information. We pride ourselves in using the best resources available so our Merchants can deliver the best service to their customers.

Regardless of an establishment's monetary monthly volume or length of time which the business has been operating, AerPay will construct a competitive rate schedule for that unique company to ensure savings.

Our companywide commitment to your success has propelled AerPay to become one of the industry leaders in credit card processing. While choosing your processor, remember that with AerPay you will have your deposits next day, six day per week funding, 24x7x365 customer and technical support, best in class integrations, online account access and individual account management.
